

Changing Lives

2014 ANNUAL REPORT

KAMLOOPS COMMUNITY YMCA-YWCA

At the Kamloops YMCA-YWCA, we believe in potential.

Potential starts with building a community of fit, connected, and supported children, youth, individuals and families. We know that reaching our potential doesn't happen by accident. In 2014 we empowered over 18,500 people to stay active, get involved and achieve their goals through a variety of programs and course offerings.

Healthy kids are the foundation, and the future, for building healthy communities. We helped more than 6,300 children grow stronger and more confident, supporting them in realizing their potential through meaningful engagement with their family, friends and peers, through Y programs such as Y Youth Basketball, Licensed School-Age Care, and The Power of Being a Girl Conference.

The Violence Against Women Intervention and Support Services continued to provide a safe haven for women and their children. The Y Women's Emergency Shelter's beds were slept in over 6,500 times last year, providing over 350 women and their children the chance at a new life, free from violence.

The Kamloops Y is dedicated to helping all people reach their full potential, not as an abstract ideal, but as a practice brought to life every single day by an active, supportive community of volunteers, members, staff and participants.

Building healthy communities
